

# Year 6 Summer Term Newsletter

Welcome back to what we hope is going to be a really successful and happy final term in year 6. We are so pleased to be back and ready to get going with learning. We cannot believe that it is the final term already! Although, there will be lots of fun and exciting things along the way including our residential trip and lots of fun projects once our SATS are complete!

## Our theme

For the summer term, our topic is 'Jungle Adventure'. We will be exploring the idea of jungles through our writing and in our wider curriculum. We will also begin to celebrate the end of primary school with projects, celebrations and group activities as we near the end of the children's primary school experience!

## English

Our writing in English will also be linked to our theme and we will be writing narratives and descriptions based around jungles. We will be designing our own jungle animals and then creating non-chronological reports around them!

In addition, we will continue to work on our reading skills of inference and deduction as well as learning new vocabulary and improving our reading fluency.

## Maths

Our Maths lessons this term will have a large focus on revising all the topics we have previously covered. We will ensure that all children are confident in using formal methods to calculate with the four operations and also have a good grasp of mathematical vocabulary. We will continue to look at the key skills required to answer mathematical questions quickly and effectively.

## Important dates

W/C 11th May—Year 6 SATS Monday to Thursday

Thursday 25th June—Secondary school transition day

W/C 29th June—Year 6 Birch Hall trip
